

# 2ND ANNUAL 2ND 0 2 MANUFACTURING & TECHNOLOGY SUMMIT

October 9<sup>th</sup>, 2025

University of Houston - Katy Campus

Mark your calendars for October 9th and join us for the Second Annual Manufacturing and Technology Summit from 8:00 AM to 5:00 PM, in celebration of Manufacturing and Cybersecurity month. This premier event will bring together top experts from the Department of Energy (DOE), industry leaders, and CyManII, CESMII, and the Texas Manufacturing Assistance Center (TMAC), to tackle key challenges facing manufacturers.

This year's summit will highlight the path to Fusion Energy dominance and groundbreaking advancements in Smart Manufacturing, showcasing real-world applications and exploring how these innovations can enhance efficiency, sustainability, and competitiveness. In celebration of Cybersecurity Month, CyManII will highlight their MTV (Mobile Technology Vehicle) and new educational pathways.

This summit is designed specifically for small and medium-sized manufacturers (SMEs), seeking new and innovative opportunities to expand their businesses. Network with like-minded manufacturers and learn how to engage with the Fusion Energy movement of Texas.

Don't miss out on this exciting opportunity to gain knowledge, connect with peers, and shape the future of manufacturing. We look forward to seeing you there!

- ✓ Learn about the Metro Houston Economic Update from the Greater Houston Partnership.
- ✓ Engage with the Department of Energy and Tokamak Energy on a robust panel discussion.
- ✓ Discover cutting-edge Smart Manufacturing technologies through expert presentations and live demonstrations.
- ✓ Engage with leading industry organizations.
- ✓ Participate in dynamic breakout sessions focused on Cybersecurity, Advanced Technology, and Supply Chain Optimization techniques.
